# PICTURE PERFECT

RAMONE AND  
DAMONE EUBANK

*Every picture is unique. We look back and remember the triumphs, failures, events, and often, just good times we've spent with each other. Each picture is an experience, a progression, and another memory added to our last.*

*This year has been significant for all of us.... Now take a moment to reflect on the picture perfect journey we'll never forget.....*

*"I'm glad high school is finally over! I'm ready for my new life involving college, more fun and a degree!"*

*-Emily Placey*

*"Seniors saw the year approaching quickly, yet it was only the end of the beginning for some."*

# An Evening of Romance

With the music pumpin', Howe Juniors and Seniors got their groove on! Sophomore Josh Sims said "It was a blast! Even though the food wasn't the best, the music helped get the night rollin' right!"

Sr. Samantha Rhoton said, "Oh my gosh, the music was not for me. They had no selection that I liked."

Premos was a new venu for us, and we enjoyed having such a large ballroom! Senior TJ Tompkins said, "I liked having more room and the place looked amazing!"

So we danced our way to midnight, got in our limos and went to the after-party. The lights, sounds, music and friends made Prom 2007 trully a night of Romance!

# PICTURE THE LIFE OF A SENIOR

Staring Cameron Hansen and T.J. Tompkins

One of Cameron's favorite sports is Baseball! BatterUP!!

Cameron also plays Football for Howe, so he stays active all year round!

Being the good student he is, the first thing T.J. does is get his homework done.

All that work calls for a good snack!

One of T.J.'s favorite things to do is play Playstation 2.

By the end of a long day T.J. prepares for another day.

# Juniors

## Attention, Attention, Attention!

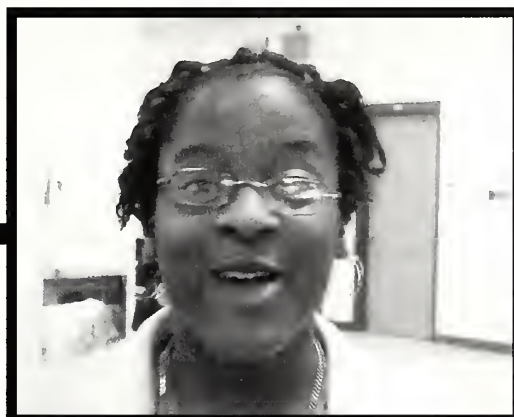

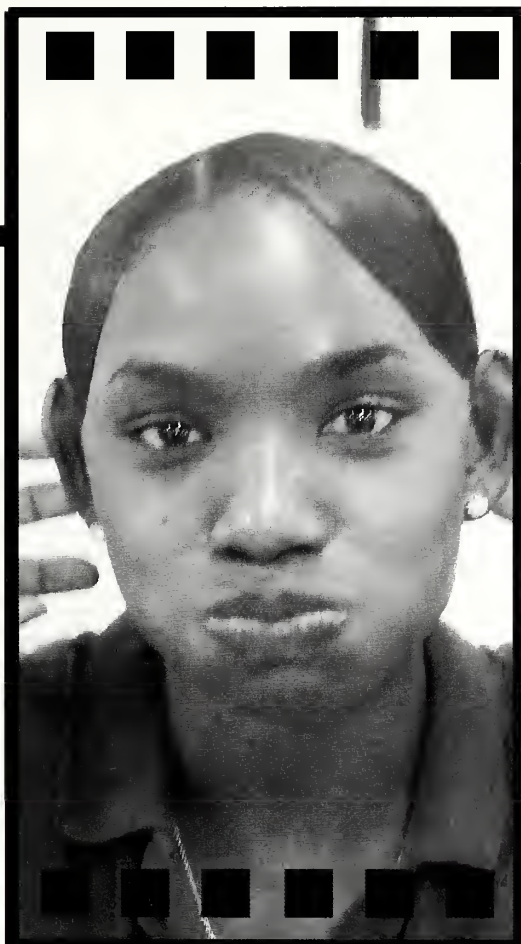

All Juniors listen to this special announcement. This is just a reminder that you only have one year left. Yes, that's right go ahead and cheer. Go ahead and brag that you are practically a senior!

So Juniors, how do you feel after yet another year of high school? Keisha Clanton said her biggest challenge as a Junior was Geometry. Was this year like every other one, or was there something unique that happened? Just take the time to think back and cherish those memories. It's definitely time to celebrate!

## PICTURE PERFECT JOBS!

Ipods, Cds, clothes, and cars. There are so many things teens have their eyes on, but without money it's hard to get such expensive things. There comes a time when parents stop giving allowance. Thus, teens have to find a new way to get money, in other words; **GET A JOB!** From Chuck E Cheese to Community East, there are tons of options, but they all have one thing in common; at the end of the week you come home with a nice check with your name on it.

Justin Piland

Jamie Woods

Ryan Fox

Noah Neat

Josh Pulliam

Now you have your own money to pay for that new Ipod or those shoes that you have been dying to have! Having a job is not easy, but it definitely has its benefits. You may not have as much time to spend with friends and the work may be stressful at times, but most teens say, "it's worth it." Working is a sign of responsibility and maturity and most importantly, it gives you a little extra cash as a reward for your hard work!

Yeah, You've worked hard through your Freshmen and Sophomore years, the Class of 2010 has finally passed the half way mark of highschool. Before you know, you will be putting in college applications and moving away from home. Counselors will be buckling down on college searches and SAT prep. Beware because the although you have passed the first 2 years of high school, the hardest work is yet to come. Don't stop now class of 2010, you still have a long way to go!

Freshmeat!! That is one of the names that you were known by! But that name can't haunt you anymore. You are moving on up! The challenges of highschool are no longer new to you. You know the schedule, you know your teachers and classmates, you know the rules... You know the Game! Step it up, cause it only gets more difficult and you've got a long way to go! STUDY...STUDY...STUDY...Work hard and you will do fine!

## DIGITAL PERFECTION

Cellphones. iPods. CD Players. Who doesn't own one of these? Better, yet who doesn't carry one of these wherever they go? Everyday in school we see kids with their cell phones out texting each other to get the latest buzz. Either that, or they have headphones on listening to their favorite song.

Electronics are everywhere! It seems as if these devices are necessities to young adults today. Students listen to music and play with their phones in class even though teachers are cracking down on it. These electronic devices are a vital part of our social life. Taking them away would be like stripping us of our culture, our comfort, and our livelihood.

# ■ ■ ■ ■ ■ EXPECTATIONS ■ ■ ■ ■ ■

TO HIGH SCHOOL STUDENTS, IT'S ALL THE SAME. BUT TO A 7TH GRADER ABOUT TO ENTER THE 8TH GRADE, IT IS A BIG DEAL! IT SEEMS THEIR BIGGEST CONCERN IS TO KEEP UP WITH THE MORE CHALLENGING CLASSES AND BIGGER RESPONSIBILITIES.

"I DON'T THINK THE CLASSES WILL BE THAT MUCH HARDER, BUT THEY WILL STILL BE A LITTLE MORE CHALLENGING. I WILL DEFINITELY PAY MORE ATTENTION IN CLASS AND GET ALL MY WORK DONE BECAUSE I WASN'T SATISFIED WITH MY GRADES LAST YEAR. I DON'T WANT TO GET IN AS MUCH TROUBLE AND I DEFINITELY DON'T WANT TO BE IN THE DEAN'S OFFICE TOO MUCH, THEN THE ADMINISTRATORS WILL KNOW MY NAME." SAID TONY SNYDER

YEAH, YOU MAY HEAR THAT A TIME OR TWO, OR THREE! BUT THAT'S JUST THE SOUND OF SOMEONE TRYING TO GET OUR ATTENTION! THINK ABOUT IT, WE CAN BE PRETTY STUBBORN SOMETIMES, AND THESE TEACHERS HAVE GOT IT TOUGH!

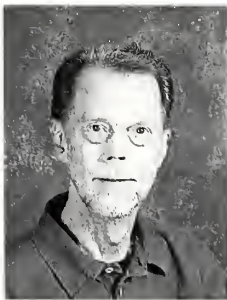

SOME OF OUR TEACHERS ARE "TOO NICE," AND SOME ARE WHAT WE CALL "TOO MEAN!" ALL IN ALL, THEY ARE JUST TAKING DIFFERENT PATHS TO THE SAME DESTINATION; EDUCATING US TO MAKE A BRIGHTER FUTURE!

SO, WHETHER YOU GET A SMILE WHEN YOU WALK THROUGH THE CLASSROOM DOOR, OR A STERN LOOK-- YOUR TEACHERS ARE HERE BECAUSE THEY LOVE THEIR JOBS AND WANNA TEACH YOU SOMETHING! LISTEN!

A teacher is someone who  
sees each child as a unique person  
and encourages individual  
talents and strengths

A teacher looks beyond each child's face  
and sees them based on their needs

A teacher is someone with a special touch  
and takes the time to listen to both sides  
and always tries to be fair

A teacher has a caring heart  
that respects and understands

A teacher is someone who  
can look past disruption and rebellion  
to recognize hurt and pain

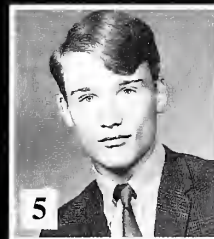

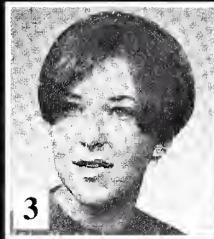

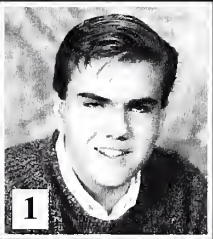

A teacher reaches the entire child and  
helps build confidence and raise self-esteem

A teacher makes a difference  
in each child's life and affects each family  
and the future of us all

Are you a teacher?

Balancing school work, athletics and relationships seems to come easy to these students, but little do you know!! Classes such as Spanish 3, Physics, and even English caused unwanted stress. # THE **IN** CROWD

**YEARBOOK**, A word that may not mean a lot to you. To those on the staff, it meant dedication, hardwork, and non-stop deadlines. Being a part of the yearbook staff has its perks, but it's not all fun and games. Even with Mrs. Ajayi gone, her students had to continue working on the book without the help of their teacher. With the guidance of Chief Editor, Keondra Dukes, and the assistance of other dedicated editors, the class managed until Mrs. Ajayi returned!

When you hear DaVinci, Donatelo, or Michaelangelo, what comes to mind? Is it "Hey a couple of those were Ninja Turtles." Or, "Hey those were the best artists of their time." Either way, you probably have heard about them through T.V. or just in common conversation.

When talking to Mrs. Pontius, about her journey through art school, she told a very interesting story. She said her art professor made her take a book of DaVinci's drawings and duplicate them, every one in the book, not once but twice. She said she specifically remembers her reaction to him, saying "are you out of your mind, I'm paying you \$800 a grading period and you're just gonna turn me loose to do this!" Now, she says she is so glad she did it because she bases all her art work off of DaVinci's style!

**Are you the only one in your family with the ability to draw?**

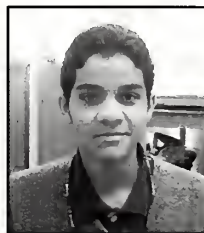

"No, my mother taught me how to draw when I was three. She was an art teacher also!"

**What is your favorite type of art?**

"Portraits without a doubt. I love to work with pictures, NOT real life. A still shot is so much easier. I love when a portrait turns out perfect, I am immediately satisfied with the end result."

**How old were you when you first discovered your talent?**

"Seriously, when I got to college with DaVinci, that's when I started drawing."

Omar Al-Fotitih

"Yes, my other five brothers don't appreciate the beauty of most art."

"I like portraits more because I like more of a life-like appearance of art. Portraits of men are easier for me, probably because I am a man and I know the features better."

# THE LEADERS WITHIN

When asked "What do you think is the main purpose of JROTC," most students replied "mainly discipline." But come on people, there is discipline in every class. Sophomore, Kathleen Graves knew the answer, "It is to motivate students to become better citizens."

JROTC is not just to teach Army values, it also prepares students to become better leaders. As they proved they could take orders, respect authority, and accept responsibility cadets were rewarded. By rewarded, it means they received metals, pins, status advances, and much more. Sophomore, Emilee Games said, "JROTC helps me stay organized, and teaches me how to work with others." JROTC is a great opportunity for students to become responsible leaders!

# INTO THE WILD

Pack your bags, we are heading to Perfect North. Bring your coat, extra socks, water resistant pants, and a sense of adventure! Get ready to glide down those snow covered slopes. Whether you snowboard or ski, get ready for a great time.

Mr. Cook and the adventure club go to several places throughout the year. They go skiing, horseback riding, and even canoeing. Junior, Aaron Camp said, "I joined the adventure club because I like to do stuff outside and have fun." Many of the students don't usually get a chance to go to places like North Slopes or Payolie Peak. With great opportunities like these, students are able to see and learn new things! Even though conditions may be rough, students still have a great time. Who knows, you may even catch somebody making a snow angel or falling off their horse!

Senior Markus Glover was announced Rowe's All-Time Leading Rusher in Rowe History! Wipe him down from his shoulder pads to his cleats. He is currently 10th in the metro area in rushing. With 985 yards, Mr. Glover is the truth on the field. In just this season he racked up 1,201 rushing yards with 8 touchdowns. He proved to be a true inspiration to the team.

You didn't know, it's all about those Rowe Hornets. Their 31 touchdowns rolled their dice to 6 wins in the season, Congrats! We were city runner-ups! From running yards to making goals in life, your hornets knew how to take it straight to the end zone. In fact, the Middle School team went for the gold with an almost perfect season, losing only one game. In order to achieve they had to have leadership & learn teamwork. Go Hornets!

Darnell Peete, Darrel Peete

These boys were on fire. What kept them on the field? Seniors Darnell & Darrel Peete said "It's all about competition & motivation!" Senior, Nigel Foreman played a good leader. He passed 195 yards & scored 5 tds'. In addition Bryant Green was noted for 87 carries & 9tds'. Whether we are on the field or in the classroom, the Hornets are always excelling, that's what makes us picture perfect.

## "I'm Open, I'm Open"

That is what you heard from the field at our soccer games. We had a young team, having only two starters return from last year. The team worked hard, but only won one game throughout the season. Jose Gonzalez played goalie, and worked extra hard to keep the other team from scoring. Jose said, "If I didn't kick the ball to the other half, it wouldn't get there." He thought they would have done better this year if they had more players. The team believes they can hype up the sport to attract more athletes. With dedication and practice, players believe future seasons will be more victorious! Athletic Director, Mr. Wilson, agrees by saying, "The team played hard, but we need more players to compliment the ones we had on the field this year. Other teams could send in subs with fresh legs, while we would be competing with only one or two subs. That made it hard, but the team should be commended for their efforts. They never quit, and that is the attitude that develops winners in sports and in life!"

# IN THE RANKS

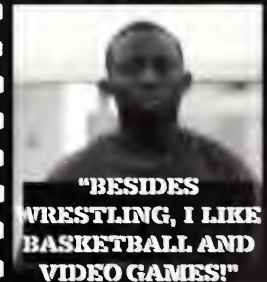

WITH LAMONT MAYFIELD

## "I need to gain 3 pounds this week!"

You don't hear that everyday in our society. Gaining and losing weight is a common occurrence among wrestlers, so they can wrestle in a certain weight class. This type of physical training takes mental awareness and an awful lot of will power and determination. Our wrestlers must be both mentally and physically ready before each match. Coach Brown has a lot of pride, as well as high expectations for his squad. He dedicates his time before and after school for physical training. "My legs are killing me, I had to be here at 6 am to workout" says Anderson York. These guys trained hard and took down some tough opponents. With their outstanding performances, our wrestlers are keeping Howe In The Ranks!

Josh Rice

Josh Rice started out running the 5k in 28 mins flat. Practice came in his favor & now he runs it in 17 mins 54 secs. Good work! His goal is to reach 16 mins for this run. Josh wants to go to college and become a Basketball Coach! Motivation is a must in order to succeed. Never give up 'til you cross that finish line!

Our athletic director, Mr. Wilson, wrote a newsletter saying, "We hate to lose Josh, he really is a great example for younger runners, not to mention a good individual!" He also bragged that "Ryan Stevens won the Freshman division of the 58th Howe Invitational. Ryan ran an outstanding race to win. Yes, alums, we are carrying on the tradition!"

# IN FIRST PLACE

WITH  
MVP  
LARRY  
STONE

Will we make it to state? - A question that lingered throughout the entire school all season long. There were "NO PROBLEMS" within the team and they had an amazing record. "Failure is not an option," said Senior Gregory Foster. MVP, Larry Stone rose expectations regularly, forcing freshmen like Alvin Boutte to keep up!!! "Me being young, I felt like I had to work harder than everyone else," said Boutte. It became "Gametime" indeed when Sophomore Jordan Manuel told the team "Work hard or go home and model." The sky was limit as our Hornets lived, dreamed, and ate basketball all year long. "Basketball is my life," said Senior, Keyon Milliner, "I want to help everyone around me while I can, as long as I can." Whether we won state or not, in teamwork the Hornets were always in 1st Place!!!!!!

# THE DIAMOND

With Zach Rogers

Our Baseball Team showed not only athleticism, but teamwork and character. These guys stuck together on the diamond, at school, and outside of school. They're like a big family of brothers. Almost all of them said it felt great to have won the IPSAC Conference and one said it was excellent! That shows that baseball is more than just a game, it is achieving something together as a team. Zack Rogers (#4) has a saying, "Go in as one and come out the same." This means they came in as a team and left as a team, no player is better than another because they play as a team. This squad is amazing!

# IN THE CAGE

With Jennifer Garrett

**BATTER UP!** In the diamond the girls came together as a team to lead us to yet another victory. Jennifer Garrett is to be commended for the way she puts her sweat and muscle into the game! All of our girls put in hard work and determination every single day. From hitting home runs, to sliding into home base, the girls have had a great season!

# IN THE SPOTLIGHT

Oh, the life of a high school cheerleader. With Friday night football and late night basketball games, the cheerleaders truly are the heart of the Hornets. Junior Jasmine Downing said, "You must be dedicated, have poise, a 'go get em' attitude, cheer on your team no matter what, and have fun without making yourself look stupid!" She's right, cheerleaders have to stay positive even when the team is losing, because it is their job to pep up the team and the fans. These attributes are what attracts others to try out for cheerleading. Senior Adrianna Speed said, "I wanted to become a cheerleader when our basketball team won sectionals. I could see the cheerleaders were having so much fun!" Cheerleaders are role models for some and must try to set examples in whatever they do, because you never know when you will be put IN THE SPOTLIGHT!!!!!!!

# SINGIN' A LULLABY

**"Hush little baby, don't you cry." Some of our students have sung this song to their own child. Babies sure are cute, but they come with a lot of responsibility and sacrifice. It is a difficult task to stay in school and take care of a child. Krist'n McAtee has a baby named Kuron. She said, "It is hard to have to miss school then make up work. If you have a lot of support, it gets easier." While she is at school her mom keeps Kuron, but once Krist'n gets home, there is hardly time for anything but the baby. However, she said the only grade that dropped was pre-calculus, and it dropped a lot. Despite the challenges of parenthood, Krist'n still plans to attend college at IUPUI. This is a good example to any student that is pregnant or who already has a child. Stay in school and keep your head up because that's what it takes to be successful!**

As our test scores were going up, so were our athletic performances. Our boys b-ball players were some beasts, blowing teams out by 30 points. Can you say hoopers!!! Also tests scores were the highest they have in in years! When asked what were some of you favorite memories of they year, sophmore Devenaire Burrow quoted, "the day I came and took over. LOL!"

Another year has gone by and with that another senior class moving on. But this year was unlike any other. We were introduced to collard shirts and Khackies. Ewwww!!! Yea, that was the reaction! They tried to make us all look the same, but deep down we are still very different. Freedom Dile said, "I know that were in dress code, but it won't break our spirit." this was a very special year for us.

## **Greetings from your alumni association**

**The Howe Alumni Association wants to congratulate the Class of 2008. May all your wishes and dreams come true. You are now a member of over 20,000 Howe Alumni. Please become active in the Alumni Association.**

**The Alumni Association supports Howe and its students past and present with a variety of projects and activities. There is a "Howe Now" newsletter that comes out every six months with pictures and stories. We help finance various school activities including the Hilltopper. We provide scholarships, volunteers for school events, maintain the floral block "H" on the Tower Hill and have a web site - tchhs.com to keep alumni and friends in touch with Howe activities.**

**We also help with class reunions and have a September dance and party for Howe Alumni and friends. Please feel free to use our help for all alumni matters.**
